### SUMMARY:

Software Developer with a marketing background and experience in the event industry, education, and wine. I am a passionate creator of art, photography, and lover of the great outdoors. I am looking for an opportunity to learn and create more.

### APPLICATIONS:

**Towers** is an online platform for events. A user can create events, reserve a ticket to an event, and view other users who are attending the event.

**Vue.js • Node.js • Auth0**

**OnTrak** is a mobile application designed to track habits. OnTrak features badges and statistics generated by the users habits. I made this application with four other developers.

**Vue.js • Node.js • Auth0**

**Planit** is a web application based on SCRUM practices. Users can manage projects, sprints, tasks, and comments.

**Vue.js • Node.js • Auth0**

### SKILLS:

- Node.js
- JavaScript
- Web APIs
- Vue.js
- C#
- MongoDB
- Adobe Photoshop
- Adobe Illustrator
- Adobe InDesign
